Policy 2110
(Regulation 2110)

Nondiscrimination and Student Rights

Equal Educational Opportunity

It is the policy of the Board of Education to provide a free and appropriate education for students with disabilities. Students with disabilities are those who, because of certain atypical characteristics, have been identified by professionally qualified personnel as requiring special educational planning and services. Students with disabilities will be identified on the basis of physical, health, sensory, and/or emotional handicaps, behavioral problems or observable exceptionalities in mental ability. It is possible that a student may have more than one type of disability.

The District's programs and services available to meet the needs of these students will be in accordance with The Individuals with Disabilities Education Act, The Education for All Handicapped Students Act of 1975, The Rehabilitation Act of 1973, Section 504, and § 162.670 - .995 RSMo., Missouri Special Education Services. In addition, the identification of students with disabilities and the services provided by the District will be in accordance with the regulations and guidelines of the Missouri Department of Elementary and Secondary Education's Current Plan for Part B of The Education of the Handicapped Act, as amended. (See Policy and Regulation 6250 - Instruction for Students with Disabilities.)

Upon attainment of the age of eighteen (18), students will be deemed to be adults for purposes of educational records, placement and reporting.

Nondiscrimination and Student Rights

Harassment

It is the policy of the District to maintain a learning environment that is free from harassment because of an individual's race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation. The School District prohibits any and all forms of unlawful harassment and discrimination because of race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation.

It shall be a violation of District policy for any student, teacher, administrator, or other school personnel of this District to harass or unlawfully discriminate against a student through conduct of a sexual nature, or regarding race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation as defined by this Policy.

It shall also be a violation of District policy for any teacher, administrator, or other school personnel of this District to tolerate sexual harassment or harassment because of a student's race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation, as defined by this Policy, by a student, teacher, administrator, other school personnel, or by any third parties who are participating in, observing, or otherwise engaged in activities, including sporting events and other extracurricular activities, under the auspices of the School District.

For purposes of this Policy, the term "school personnel" includes school board members, school employees, agents, volunteers, contractors, or persons subject to the supervision and control of the District.

The school system and District officials, including administrators, teachers, and other staff members will act to promptly investigate all complaints, either formal or informal, verbal or written, of unlawful harassment or unlawful discrimination because of race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation; to promptly take appropriate action to protect individuals from further harassment or discrimination; and, if it determines that unlawful harassment or discrimination occurred, to promptly and appropriately discipline any student, teacher, administrator, or other school personnel who is found to have violated this Policy, and/or to take other appropriate action reasonably calculated to end the harassment/discrimination.

The District prohibits retaliation against a person who files a complaint of discrimination or harassment, and further prohibits retaliation against persons who participate in related proceedings or investigations.

Searches by School Personnel

School lockers and desks are the property of the Board of Education and are provided for the convenience of students, and as such, are subject to periodic inspection without notice, without student consent, and without a search warrant. The lockers and desks may be searched by school administrators or staff who have a reasonable suspicion that the lockers or desks contain drugs, alcohol, material of a disruptive nature, stolen properties, weapons, items posing a danger to the health or safety of students and school employees, or evidence of a violation of school policy. In addition, the Board of Education authorizes the use of trained dogs to sniff lockers or other school property to assist in the detection of the presence of drugs, explosives, and other contraband.

Students or student property may be searched based on reasonable suspicion of a violation of District rules, policy or state law. Reasonable suspicion must be based on facts known to the administration, credible information provided or reasonable inference drawn from such facts or information. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses, if such witnesses are available. Students may be asked to empty pockets, remove jackets, coats, shoes and other articles of exterior clothing for examination if reasonable under the circumstances.

No employee shall perform a strip search of any student. The exception to this would be if a school administrator reasonably believes that a student possesses a weapon, explosive, or substance that poses an imminent threat of physical harm to himself or herself or another person, and if a commissioned law enforcement officer is not immediately available. Strip searches may be conducted by, or under the authority of, a commissioned law enforcement officer.

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains the authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on school premises may be searched if a school administrator has reasonable suspicion to believe that illegal, unauthorized or contraband items, or evidence of a violation of school policy is contained inside the vehicle.

Law enforcement officials shall be contacted if the search produces a controlled substance, drug paraphernalia, weapons, stolen goods or evidence of a crime, in any case involving a violation of law when a student refuses to allow a search, or where the search cannot safely be conducted. Parents may also be contacted. A student who refuses to submit to a search may be appropriately disciplined by school officials.

Interviews, Interrogations and Removal From School

Interview or Interrogation

The School District has legal jurisdiction over students during the school day and hours of approved extracurricular activities. The school administration is responsible for making an effort to protect each student's rights with respect to interrogations by law enforcement officials. When law enforcement officials find it necessary to question students during the school day or periods of extracurricular activities, the school principal or designee will be present and the interview will be conducted in private.

The principal will verify and record the identity of the officer or other authority and request an explanation of the need to question or interview the student at school. The principal ordinarily will make reasonable efforts to notify the student's parents/guardians.

Removal of Students From School

Before a student at school is arrested or taken into custody by a law enforcement or other legally authorized person, the principal will verify the official's authority to take custody of the student. The school principal will attempt to notify the student's parent/guardian that the student is being removed from school.

The District recognizes that student expression regarding a variety of topics may be beneficial to the District's educational mission. Discussion and debate regarding serious issues can engender tolerance for diverse viewpoints. The District, however, has the obligation to ensure that student expression is consistent with the District's educational mission. Accordingly, the District has adopted guidelines to regulate student expression in a manner consistent with the District's educational goals.

All persons seeking admission to the District and its instructional programs must satisfactorily meet all residency, academic, age, immunization, health and other eligibility prerequisites as established by Board policies, rules and regulations, and by state law. Students entering the School District will be required to present a birth certificate or some other acceptable proof of age.

Entrance Age

Entrance Age for Kindergarten

To be admitted to kindergarten or to summer school prior to the student's regular term, a student must be five (5) years old before August 1st preceding entrance.

Entrance Age for First Grade

To be admitted to first grade a student must be six (6) years old before August 1st preceding entrance. However, students who have completed an accredited kindergarten program will be considered for enrollment in the first grade regardless of the August 1st cut-off date.

A birth certificate will be required as proof of age.

Military Dependents

Military dependents who have completed an accredited pre-kindergarten or kindergarten program in another state may enter kindergarten or first grade regardless of age. The District will facilitate the timely enrollment of children of military families and will ensure that they are not placed at a disadvantage due to difficulty in their transfer of education records from the previous school district(s) or variations in entrance legal requirements.

Compulsory Attendance Ages

The Board of Education shall abide by the compulsory attendance laws of the state by requiring District resident students between the ages of seven and either seventeen years or successful completion of sixteen credits toward high school graduation, to attend school full time, with the exception of those students who may be excused from full-time attendance by the Superintendent. Individual petitions for any deviation from full-time attendance shall be considered by the Superintendent on the merits of the individual student's application and in compliance with state law and regulations. For purposes of this Policy, a completed credit toward high school graduation is defined as one hundred hours of instruction or more in a course.

Any student age seventeen years or older who drops out of school for any reason other than to attend another school, college or university, or to enlist in the armed services, shall be reported to the state literacy hotline office by the School District.

Admission and Withdrawal

Admission of Resident Students

All students, five to twenty-one (5-21) years of age, who reside within the boundaries of the District may attend District schools tuition free. In order to "reside" within the District, the student must be physically domiciled within District boundaries. The domicile of a minor child is the domicile of a parent, military guardian pursuant to a military issued guardianship, or court-appointed legal guardian.

Exceptions

The residency provisions of this policy are not applicable to homeless students, students with only one parent living, inter-District desegregation students, wards of the state, students placed in a residential care facility due to a mental illness or developmental disability, students placed in a residential facility by a juvenile court, or students attending regional or cooperative alternative education programs. The exemptions are expressly established by state law and entitle such students to tuition-free school attendance. For purposes of IDEA special education evaluation and provision of special education services a student attending a private school located within the District will be evaluated as a resident student.

Students of Nonresident Teachers and Regular Employees

Nonresident students of District teachers or regular District employees may be permitted to attend school without payment of tuition. Such students will be considered to be "resident" students for purposes of state aid.

Admission and Tuition - Nonresident Students

Nonresident students may be permitted to attend the District schools upon payment of tuition provided the student is not barred from enrollment by provisions of the Safe Schools Act. (See Policy 2664.) Tuition rates will be determined annually by the Board of Education on the basis of the per-pupil cost for the preceding year including operation, maintenance, and debt service of the schools.

Within two (2) business days of enrollment in the District by state officials of a nonresident student pursuant to state statute, the Superintendent/designee will request the student's transfer and discipline records from all schools or facilities previously attended and from other state agencies and entities involved in the placement of the student within the twenty-four (24) month period preceding enrollment. The Superintendent/designee is authorized to share relevant portions of such student's transfer and discipline records with District employees who, based upon their duties, have a need to know such information. Such records will be maintained in confidence for purposes of maintaining discipline and for assistance to the student. The student's transfer and discipline records will not be a part of the student's permanent record nor used as the sole basis for denying educational services to a pupil.

Admission of Residents from Unaccredited School Districts

In accordance with Missouri law and Board Regulation, the District will accept transfer students from school districts in its same or adjoining counties that are declared unaccredited by the state of Missouri.

Admission and Withdrawal**Transfer Students**

All students entering the District from other educational settings are required to submit evidence of their achievement in the last grade attended. Grade placement of a student may be adjusted on the basis of examination of the student's previous record, achievement tests administered, or other factors that the principal and staff believe are appropriate under the circumstances. A transcript of all entering secondary school students is required before enrollment can be completed. However, a student may be permitted to enroll temporarily until a full transcript is obtained.

Transfers from Unaccredited Schools

Parents/guardians should be advised that if they choose to transfer their student to the public school from an unaccredited school, the student will not be guaranteed comparable placement in the public schools. Students transferring will be assigned an appropriate grade level and class assignment based on their educational and developmental level as determined by the principal through assessment of student's age, educational experience, achievement tests and consultation with parent/guardian and personnel from the student's former school.

Intradistrict Transfers

The Superintendent may authorize the transfer of a student from one District school to another. Reasons for the transfer may include, but are not limited to:

1. Welfare of the student
2. Disciplinary concerns
3. Curriculum offerings
4. Special education placement
5. Parent/guardian custody
6. Relocation of residence
7. Student of a District employee
8. Transportation

The request for transfer may be initiated by the building principal and/or the parent/guardian. The request shall outline the reasons for the transfer, the positive and negative impact upon the student, and any differences of opinion about the transfer. A request for a student transfer will be submitted to the Superintendent.

Admission of Home Schooled Students

Students who enroll in the District from a home-schooled status must meet residency requirements as stipulated in Policy 2230.

Student Withdrawal From School

Students who withdraw from school for any reason are required to notify the building principal and provide a specific reason for withdrawal.

Each building principal will submit a monthly report to the Superintendent concerning the identity and reason of each student withdrawing from school.

Building principals will respond within five (5) business days to requests by other schools for the records of students transferring from District schools. Records transferred pursuant to such requests will include the written notification of criminal charges/adjudications by law enforcement officials for criminal acts listed in Regulation 2673.

Student Attendance

The Board of Education believes that regular attendance is essential to achieving success in school. Education is a total process based upon continual communication and shared responsibilities among parents, students, teachers and school. As students mature and progress through the educational system, they should increasingly assume responsibility for regular attendance. However, parents have a legal and moral responsibility to require regular attendance at school.

Truancy and Educational Neglect

The Board of Education believes regular attendance is important to academic success. Therefore, the Board directs that problems with attendance on the part of any student be investigated and acted upon promptly.

Truancy is defined as deliberate absence from school on the part of the pupil with or without the knowledge of the parent/guardian and for which no justifiable excuse is given. When a pattern of truancy becomes evident, the principal will investigate and take such action as circumstances dictate.

Section 210.115 R.S.Mo. mandates reporting to the Division of Family Services when there is reasonable cause to suspect that a student's nonattendance is due to the educational neglect of the parents/guardians.

Any school official or employee who knows or has reasonable cause to suspect that a student is being subjected to home conditions or circumstances which would reasonably result in truancy will immediately report or cause a report to be made to the building principal, or his/her designee, who will then become responsible for making a report via the Student Abuse Hotline to the Missouri Division of Family Services (DFS). The building principal shall inform the Superintendent/designee that a report has been made, and keep the Superintendent apprised of the status of the case.

Policy 2400
(Regulation 2400)
(Form 2400)

A cumulative educational record shall be maintained for each student from his/her entrance into school through the last date of attendance or through graduation, whichever occurs first.

Each student's educational record will include information required by state and federal statutes, regulations or agencies and shall include other information considered necessary by school officials.

The District will comply with the mandates of the Family Educational Rights and Privacy Act (FERPA) and the Safe Schools Act regarding confidentiality of student records and disclosure of personally identifiable information.

The parents/guardians of students who are attending or have attended the District's schools have the right to inspect and review the educational records of their students and to request amendment of their students' educational records. The District has adopted procedures (Regulation 2400) for the granting of parental requests for access to the educational records of their students within a reasonable period of time, but in no case more than forty-five (45) days after the request is made.

All information contained in a student's educational record, except information designated as directory information by the District, shall be confidential and shall be directly accessible only to school officials who demonstrate a legitimate educational interest in the student's records and to parents/guardians or eligible students.

Upon request by military recruiters or an institution of higher learning, the District will provide students' names, addresses and telephone listings. Parents will be notified annually of their right to individually request that such information not be released without prior parental consent. Military recruiters will be provided the same access to students as is given to institutions of higher learning.

Promotion and Retention

The purpose of promotions and retentions is to provide maximum consideration for the long-range welfare of the student and to provide an opportunity for each student to progress through school according to his/her own needs and abilities.

It is expected that most students in the schools will be promoted annually from one grade level to another upon completion of satisfactory work, however, a student may be retained when his/her standards of achievement or social, emotional, mental, or physical development would not allow satisfactory progress in the next higher grade. Retention normally occurs before the student leaves the primary grades.

Parents/guardians who wish to appeal the decision for retention must first contact the building principal. If parents/guardians do not accept the decision at the building level, an appeal may be made in writing to the Superintendent. All appeals must be requested within two (2) weeks after the close of school.

The District will accept courses offered through Missouri's K-12 Virtual Instructional Program (MoVIP) as units of credit meeting state and local graduation requirements provided however the quantity and quality of completed student works meets standards applicable to the District's traditional program. (See Policy Virtual Instruction Program).

Eligible students as defined in Regulation 2525 may pursue a timely graduation from high school through the School Flex Program. Eligible students participating in the School Flex Program will be considered full-time students.

Student Academic Achievement**Graduation Requirements - Students with Disabilities**

The District must provide a free appropriate public education (FAPE) for students with disabilities pursuant to the Individuals with Disabilities Education Act (IDEA) until they graduate or until the student reaches twenty-one (21) years of age.

Students with disabilities pursuant to the IDEA who have completed four years of high school shall be allowed to participate in the graduation ceremony of the student's high school graduating class and all related activities if the student's individualized education program (IEP) prescribes special education, transition planning, transition services, or related services beyond the student's four years of high school, and the student's individualized education program team determines the student is making satisfactory progress toward the completion of the individual education program and participation in the graduation ceremony is determined appropriate.

The District shall provide timely and meaningful written notice to children with disabilities and their parents or guardians about the instant policy. [Notice of the District's policy shall be provided at the annual IEP meeting that occurs prior to the student's fourth year of high school.] The purpose of the notice is to inform parents and students about the policy and should not be confused with IDEA notices of action relating to the identification, evaluation, placement, or provision of FAPE.

This policy does not apply to non-IDEA students.

Early Graduation

Present regulations of the State Department of Education provide latitude to local boards to release certain students at the end of seven semesters to attend college, university, technical or vocational school, join military, or on-the-job training. Our district recommends eight semesters of attendance in grades 9-12. The Clearwater Board of Education has a seven-semester plan for grades 9-12. Copies are available in the high school principal's office. No senior's application submitted to the high school principal's office after December 1st may be considered. All applications shall be considered on merit and may be rejected for any reason, but specifically for poor citizenship, attendance, academic achievement and/or low probability of success.

STUDENTS

Policy 2600

Discipline

The District has the authority to discipline for student conduct that is prejudicial to good order and discipline in the schools as provided by state law. School officials are authorized to hold students accountable for misconduct in school, on school property, and during school-sponsored activities. Students who engage in significant acts of misconduct off campus which materially and adversely impact the education of District students will be subject to discipline up to and including expulsion. However, no student will be confined in an unattended locked space except for emergency situations while awaiting the arrival of law enforcement officials.

Students forfeit their right to a public school education by engaging in conduct prohibited in Regulation 2610, the code of student conduct, and/or state or federal law. Disciplinary consequences include, but are not limited to, withdrawal of school privileges (athletics, intramurals, student clubs and activities and school social events); the reassignment of the student to another school; removal for up to ten (10) school days by building principals; extension of suspensions for a total of 180 days by the Superintendent; and longer term suspension and expulsion from school by the Board of Education. Student Cell Phone Usage

Developments in cell phone and other electronic device technology in recent years have resulted in enhanced communication opportunities. However, the use of cell phones and other electronic devices in schools poses increasing risks of school disruptions, bullying, criminal activity, and academic dishonesty. As a result, students may possess cell phones and other electronic devices at school but will not be allowed to use them in the classroom unless the instructor allows such use for education-based instructional purposes. Students who fail to comply with this policy will be disciplined under the school's discipline code.
